

## 8<sup>th</sup> ANNUAL SUNSHINE COOKOUT

Who knew HACC York has so much talent...proven at this year's cookout on June 12<sup>th</sup>. Our Hollywood Game Night theme included York City trivia items to highlight our annual giving campaign to benefit the York City Scholarship Fund.

Besides our returning "Celebrities", Justin Bieber (aka Tim Barshinger) entertained us in Bieber-style, sometimes never having to say a word...yet, saying so MUCH! And, still managing somehow NOT to have a wardrobe malfunction! And how about the very best of the best "do-do's" by Connie Smith? Another standout was Mary Prescott and her quick hands! Would anyone care to challenge her to game of "Slaps"? (Perhaps David would like to give it a go...O-U-C-H!)

Thank you, again, to everyone who participated and attended this event. A special thank you to the Facilities staff who helped prepare the space. We could not have held this event without each of you.

Above, "The Beibs" strikes a pose!

Left, Celebrities Shari Lewis and Lambchop (Margie Mattis), Mama (Kim Wolf), Phyllis Diller (Jackie Becker), Justin Beiber (Tim Barshinger), "MaDawna" (Dawna Kulbacki), and Kathy Griffith (Kathy Brickner) participated in a star-studded game of "Celebrity Game Night" during the picnic.

Right, staff and faculty enjoyed a picnic lunch and pot luck. What a fun way to celebrate summertime!

## FROM THE OFFICE OF THE CAMPUS VICE PRESIDENT

Greetings!

When I'm out in the community this time of year many people will say, "I guess you really enjoy having down time in the summer." I know you hear the same thing. I think most people are surprised to learn that summer is the busiest time of the year for most areas of the campus. There are several sessions of classes taking place bringing a number of guest students to our campus for the first time. A significant number of facilities and IT projects happen between May and August, budgets close and the new fiscal year begins, the bookstore ramps up with textbook and supply deliveries and student affairs is busy, busy, busy.

I think in the midst of all this activity it's important to fit in time to brainstorm and regroup. I've been pleased to see so many division retreats and college-wide meetings taking place this summer. Inserting spaces in our busy schedules allows new ideas to take shape. It also builds collegiality and trust. I strongly encourage these types of activities as they can be a critical component to our assessment and quality improvement process.

Dr. Ski used some of his down time to think about leadership lessons. Check out his Twitter feed if you haven't visited it before: <https://twitter.com/HACCSki/status/487170305928884224>

*Jean*

## YORK CITY SCHOLARSHIPS

We wrapped up our annual employee giving campaign with a car wash event on June 23<sup>rd</sup>. Funds raised will be designated for the York City Scholarship Endowment. Over 20% of our students reside in York City and many have serious financial needs. Thank you for contributing. Final donations may be made by clicking on this link.

## CAREER CORNER

### *Student Stories*

---

**Elise Stoner**, a Spring 2014 graduate in Human Services, recently earned a position as a Child Advocate with ACCESS YORK. By volunteering with ACCESS YORK and then completing an internship with the organization, Elise opened the door to a full-time position. Following her internship, Elise initially interviewed for a Legal Advocate position with ACCESS YORK but wasn't selected. However, the director of the ACCESS YORK remembered how hard Elise has worked on her internship and in volunteering for the organization. Thus, she selected Elise to become a Child Advocate. Perhaps the greatest lesson from Elise's experience is that of creating opportunity for yourself. **Elise has a job she loves because she found ways to create opportunities for herself.**

### *Other Career News*

---

#### **York County Alliance for Learning (YCAL)– High School Mentorship Program**

The Career Services office of the York Campus partnered with YCAL during the 2013-2014 school year to sponsor a high school mentoring program for York-area students. Each month during the school year, students in the program visited a different manufacturing site to learn about their processes, their workforce, and their opportunities in the field. **Among the participating organizations were BAE, Harley Davidson, Weldon Solutions, and five other York-area companies.**

A HACC representative from the Career Services office coordinated the visits and ensured that the group's learning objectives were met. Ultimately, the experience was positive for all participants and should help to fill the void of young talent in an employment sector vital to York County's future.

#### **C2C**

**Don't forget about C2C**, the campus-wide event focused on student professional development.

We welcome participation from any interested faculty and staff, and we encourage you to find ways to incorporate this event into your classes. Please contact Tim Barshinger to get involved.

The tentative date is **Wednesday, November 5, 2014**, from 8:30am until 2:00pm in the Cytec building.

## COLLEGE NET IS HERE

We are very excited to be launching phase one of this innovative campus and college-wide, event, space, and resource management system. **In these initial days we will only be booking non-academic spaces for events into College Net; a listing of those rooms is provided below.**

College Net provides a user-friendly interface which will allow you, the user, to electronically sign into the College Net system and book the room of your choosing. All of the resources, (seats, tables, screens, computers, projectors, etc.) in that room will be available for you see so you will know if the room you are asking for will accommodate your needs. Once you submit the reservation on-line, it will electronically be sent to Connie and any modification or space changes will be made and a confirmation will be sent to you. You are able to request your events be posted on College calendars, tag it as campus or student specific, fundraising, cultural and so much more. You can also detail the set-up you want right as you are making the request, enabling you, the event creator; more control over how you want the 'world' to see or not see your event. Information will be far more fluid and up-to-date for not only the staff and faculty but our students as well.

**Details on trainings and future rollouts will be communicated via HOIST (HACC Office of Information Services) to all staff, faculty, and students.**

At this time any event that requires an academic space will continue to be reserved via the room request form that you have been using in the past.

Rooms for York that will now be booked via College Net and no longer available in Outlook (thus they will not require the old room request form) are as follows:

### **Cytec (College Net search - CYTEC)**

YC100 - Cytec Lobby

YC101 – Community Room

YC101A - Green Room
