

# THE VIBE

Greetings, Harrisburg Campus community!

With the conclusion of March, we look forward in anticipation to warmer months and the resolve of our students as they push toward the successful conclusion of the Spring 2019 term. Please know that I recognize and appreciate the collective effort and genuine care shown to many of our students as they seek a new, promising path forward.

Just as the seasons and our students are amidst a transition, so too is the Harrisburg Campus and HACC as an institution. Today's evolving landscape of higher education demands that the College examine current structures and sustainability practices as we seek to align the institution to the changing headwinds impacting higher education in Central Pennsylvania while we continue to remain student-centered.

On Monday, March 11, Dr. Ski, president, hosted his spring forum discussing the state of our College, and actively engaged in answering many of the questions and listened intently to the many ideas and proposed solutions. Personally, I am grateful that throughout this process, our president and members of the President's Cabinet have been transparent and honest, and have tried to involve employees at every level and in every constituency group regarding our current financial situation. Even though the process employed to share and address our major budget deficit can be unnerving and rumors run rampant, I appreciate and believe that such an open, collaborative approach is and will be beneficial in the long run.

Please know that every day YOU are making a difference in the lives of our students because I personally hear many examples on various ways you go out of your way to exceed the expectations of our students and colleagues on a regular basis. We must not allow uncertainty and fear of the unknown to adversely impact our students. They are counting on us and deserve our best for, as Dr. Ski says often, "their future is our focus."

With gratitude and best regards,

*Noah*

Noah Roufos-Abbey, vice president, Harrisburg Campus, and John J. "Ski" Sygielski, president show their support and participate in the fun at the Phi Theta Kappa honors society induction on March 16.

# DONOR AND SCHOLAR RECOGNITION

On March, 20 the Harrisburg Campus hosted it's annual Donor and Scholar Recognition Luncheon honoring our amazing scholars, and generous donors! We had the pleasure of hearing from Angela Foltz, a non-traditional nursing student, Megan Kopitsky, SGA president, HACC Foundation Board Member and chemistry student and Doug Charney, HACC Alumni and donor. Chef Tom Long satisfied our taste buds with an amazing lunch and pleasing desserts. Thank you to all who joined in the celebration!

## #OnFire4HACC

### Tim DeFoor is #OnFire4HACC

Tim DeFoor is the elected Dauphin County controller, proud HACC alumnus and HACC Foundation Board chair. As a longtime friend and supporter of HACC, Tim started his road to success when he first stepped foot on HACC's Harrisburg Campus. And ever since then, he has been #OnFire4HACC.

Tim wants to show his support and dedication to HACC and our students by spending 24 hours camped out on the roof of HACC's Drill Tower, a 50-foot building and then using a 79-foot ladder to climb down the building.

On April 9 at 10 a.m., Tim will begin camping out on the roof of HACC's Drill Tower as part of his #OnFire4HACC campaign. On April 10 at 10 a.m., Tim will climb down from HACC's Drill Tower using the ladder our [Fire Training Program](#) students use!

Tim is raising funds for the heart of the Harrisburg Campus – the Bruce E. Cooper Student Center. HACC students look to the Bruce E. Cooper Student Center as a community gathering space that enriches their academic experience, provides social offerings and extends the College atmosphere beyond the walls of the classroom.

*“The Cooper Student Center really is the heartbeat of the campus and it is where we test new ideas, engage with students and strive to enrich their college experience.”*

~ Megan Kopitsky

Students like Megan benefit from the various services offered, engage and collaborate with students and faculty and connect with the college community.

Tim wants YOU to join him in supporting current and future HACC students!

The #OnFire4HACC crowdfunding campaign begins on April 8 and concludes April 12. Please join Tim in investing in current and future students by making your gift [today](#). Thank you!

# INTERNATIONAL PHOTOGRAPHY WINNER

## HACC Photography Student Named Winner in International Photography Contest

A passion for photography and a joy for being with people are Ollie Riley's key ingredients for prize-winning photography.

[Riley](#), a student in the [Photography Program](#) at the [Harrisburg Campus](#) of HACC, Central Pennsylvania's Community College, is a winner in the 2018 [International Photography Awards](#) (IPA). Riley's series from the [Gettysburg Re-enactment](#) on July 7, 2018, was chosen for third place in the Event/Other category.

His winning photography earned Riley a trip to Carnegie Hall in New York City, New York, in October 2018 for the IPA's 16<sup>th</sup> annual Lucie Awards.

Riley recalled, "I just casually entered this contest." Then, much to his surprise, he received notification that he had placed third in his category. "Really? Is this really possible?" Riley recalled thinking.

"It was really an eye-opening event for me," Riley said. "It gives you a much better idea of visually what good work is. What this meant to me is 'don't give up,'" Riley said.

Riley, a school bus driver when he isn't behind the camera or in class at HACC, said, "I don't think I would have progressed to the point where I am without receiving the education, the skill and the in-house experience that I've enjoyed being here at HACC."

Riley, who returned to the Harrisburg area for family reasons, said, "I took a good examination of what I really want to do. I've climbed the corporate ladder. It wasn't all that I thought it was going to be."

He continued, "So, after a year or so of driving a school bus, I decided I needed to pursue something that I really want to do. Of course, it came back to photography and where can I go to get some training in that?"

Of his HACC experience, Riley said, "They give you the ability to be able to see what you can do. Now it's up to you to work at it and fulfill it. Once you do that, you're successful. That's what HACC is all about, and I am just ecstatic...so happy to have been a student and still continue to be a part of this program."

Ollie Riley is a student in HACC's Photography Program and a winner in the 2018 International Photography Awards.

*Congratulations!*

## HARRISBURG CAMPUS GOOD VIBES, Cont.

Kudos to everyone who helped make this year's Engineering Career Day such a success. There were over 300 students, teachers, administrators, and counselors in attendance. Several of the participants praised the quality of the program!

Special thanks to **Janelle Heiserman**, coordinator, student success; **Cindy Ernharth**, advisor and **Allen Norton**, admissions counselor for helping to plan the event. It wouldn't have come together without all of your input. Thanks also to the fine team of support staff, **Lisa DeLorenzo**, director, High School Partnerships; **Jean Tucker**, specialist, Career Services; **Georgia Hasse**, coordinator, Perkins

Outreach; **Kim Aldinger**, administrative office specialist; **Simeon Johnson**, and **Janine Desgres**, advisor, Career Perkins. Thank you to **Leroy Wade**, specialist, Facilities Management for all the setup and **Chad Hershey**, security. A big thank you also to **Chris Holtzinger**, lead specialist, Instructional Equipment and **Chris Gable**, Technician, Instructional Equipment for setting up the computers.

In addition, we so appreciate all the Engineering Faculty jumping in and helping us out to make this event run smooth. This included **Forrest Lysinger**, associate professor, Mechanical Engineering and Technology, **Bill Fomey**, instructor, Electronics and **Sari Bailey**, associate professor, Architecture. Last but not least, thanks to **Allen Norton**, admissions counselor for participating in the session for the guidance counselors.

Kudos to **Kim Ketlesleger**, professor, professor, Mechanical Engineering and Technology, for organizing the day and all of the details to make the event successful! **Thank YOU Kim!**

# ALIVE!

## Mental Health Fair

Thank you to everyone that came out on March 26 for the Alive! Mental Health Fair and Suicide Prevention Tour.

The Alive! Mental Health Fair raises awareness, trains the attendees to recognize warning signs and helps start the conversation about mental illness and suicide prevention showing participants that they are not alone.

The Alive! Mental Health Fair is a fun, interactive and educational suicide prevention and awareness program, developed and provided by the Founders of 1-800-SUICIDE, the nation's first suicide prevention network, and IMALIVE.org, the world's first virtual crisis center. Since 2010, the fair has visited over 125 college and university campuses, high schools, places of continued education, and even a military base.

Extra special thanks to **Dr. Angela Campbell** and **Sherill Goodlive** from Counseling and Advising as well as SGA.
