

THE VIBE

Greetings, Harrisburg Campus colleagues!

It is hard to believe, but HACC's 55th academic year begins soon with our learners returning for the Fall 2019 term! I hope that each of you are eager to make a positive impact in the lives of those we serve. I continue to be inspired and grateful for the demonstrated resilience, fortitude, and courage displayed by many of our colleagues over the summer whose hard work and initiative exemplify our commitment to those who come to the Harrisburg Campus for an educational experience that will improve their lives and those of their families.

Please enjoy this edition of the Harrisburg Vibe, celebrating achievements and activities from throughout the summer, in addition to information about campus updates and upcoming events that will help kick off the new academic year! You will note that the Harrisburg Campus' Facilities Management Department and the Office of Information Systems and Technology (OIST) have been very busy creating new academic environments that will enhance teaching and learning alike! Please join me in saying THANK YOU when you see them around campus!

As we know, higher education is amidst a transitional period that includes demographic shifts, evolving student expectations and resulting declines in enrollment. These factors and others are forcing academic institutions throughout the nation to examine themselves with an eye on sustainability and the delivery of innovative, industry-relevant curricula that prepare our learners to achieve their goals in the classroom and in life. HACC is no exception. Over the summer months, College leadership engaged with a variety of internal and external stakeholders, employers and elected officials to discuss the organizational structure for a One-College model to be implemented by July 1, 2020. They have also addressed this topic on an ongoing basis via email and other communicate, including a Collegewide Zoom session on July 17.

As you know, times of organizational transition can result in uncertainty, rumors and bad feelings; however, College leadership strives to be transparent. Please remember that these decisions are being made for the benefit of current and future students. Therefore, let us care for one another and work together now, more than ever before. As Booker T. Washington said, ***"If you want to lift yourself up, lift up someone else."***

With best wishes in the semester ahead,

Noah

NAMING OPPORTUNITIES

Naming Opportunities on campus!

Imagine your family enjoying the recognition and honor of seeing their name displayed in a public place at HACC. All five campuses of HACC, Central Pennsylvania's Community College, offer naming opportunities. The opportunities vary per campus and include bricks, trees, benches and spaces. These naming opportunities are a great way to honor or memorialize someone (or something) special in your life. In addition, your generous support benefits current and future HACC students. Contributions for naming opportunities range from \$100 to \$1 million. Please click on the images for more information about these opportunities.

OCA MARKETING

Next-Level Trades and Technology Marketing

As outlined in the [May 2019 issue of the Ski Gram](#), the Office of College Advancement (OCA) has been working closely with the Office of Academic Affairs on strategies to successfully market HACC's most in-demand programs. Last summer, we focused efforts on promoting HACC's [automotive technology](#) and [heating, ventilation and air conditioning](#) (HVAC) programs.

In order to reach people in the community who might have an interest in pursuing either program, the campaign was built on a variety of different activities, including:

- Facebook advertising
- YouTube advertising (30-, 15- and six-second [video spots](#))
- Online advertising
- Billboards
- Posters
- Flyers
- Email blasts

Get the Real-World **Auto Tech** Education You Need!

The campaign ads ran in July and August 2018, in advance of fall 2018 registration. The company that executed the online display and YouTube ads for this campaign reported that the results were phenomenal. This campaign achieved an extremely high click-through rate for the online display ads, as well as a very strong completion rate for YouTube ads.

Fun fact: The national average click-through rate for display advertising in the education industry is 0.22%. Our trades and technology online display ads earned a click-through rate of 1.47%!

The campaign would not have been a success without input and participation from HACC students and faculty, especially Kelley Engle, Jeff Gieniec and Ed Burns. From allowing us to enter the classroom and conduct interviews, to taking photos and recording video footage, they were immensely generous with their time and feedback! Thank you!

TASTY TREAT THURSDAY

Tasty Treat Thursdays!

THANK YOU to **Jeff Gerstein**, director, Student Development and Multicultural Programs and SGA for providing Tasty Treat Thursdays! Every Thursday during the summer, we were treated with a break from the day with a nice "tasty treat"!

HACC STORYBANK

Show Off Your Achievements and HACC Programs!

OCA knows that the quality of faculty members is a key factor for students when choosing a college and programs. HACC employees and students have the continued opportunity to submit their story and achievements through the [online story bank](#).

The short online survey includes questions, such as:

- What do you want future students to know about the classes you teach?
- What inspires you to teach, and why?
- What is your favorite thing about HACC?

Adam Walter, M.S., accounting faculty member, submitted his testimonial through the online story bank and his quote is now embedded directly on the [business program webpage](#)!

Your submission may give current and future students the encouragement and connection they need to enroll in YOUR program and classes.

[Please consider sharing YOUR HACC story today!](#)

"We help create jobs, we help sustain jobs, we help improve jobs, we help facilitate jobs. HACC is a link for anyone and anywhere." – Adam Walter, M.S., accounting faculty member

STUDENT SUCCESS #HACCProud

A Win for Student Success

Recent developmental math-related enhancements had a notable impact on HACC's student success rates during the spring 2019 term.

Specifically:

- The SAT score was lowered from 590 to 550 to allow students into algebra and other math courses.
- A new class was established in developmental math (Math 090) geared to accelerating students' progress.
- Exit exams in developmental math were replaced with a more typical final exam.

After implementing these changes, we saw a 46% drop in the percentage of new students placing into our developmental math class

- In fall 2018, 85% of students placed into developmental math.
- In spring 2019, with the new Accuplacer test and reduced SAT scores, only 58% of students placed into developmental math.

Additionally, we are seeing very promising results from our Math 090 class. In this class, students are assessed on the areas in which they need developmental math coursework and only take those modules via computer-guided instruction with an instructor available if needed.

As a result, rather than having to take up to five developmental math classes in sequence, costing a year of classwork and more than \$2,000 in tuition and fees, students can take Math 090 in one term.

Of the 275 students who successfully completed Math 090 in fall 2018:

- 78% were able to skip at least one developmental math class
- 21% were able to skip all other developmental math classes

In spring 2019, of the 292 new students who registered for Math 090, 18% were able to skip all other developmental math classes.

Kudos to our math faculty for implementing these changes and keeping student success at the forefront of their decision making!

HACC Theatre graduates making their marks in the world – Summer 2019:

- Congratulations to [Michele Mulkey](#), HACC Theatre graduate and current adjunct faculty member in Special FX Makeup! Congratulations to HACC Theatre grad [Eric Messner](#) on his ghostly Home Inspector in this commercial for Homeland.
- Congratulations to recent HACC Theatre graduate **Kyle Rossi**, who will be doing dramaturgy for “Lizzie Borden, Lizzie Borden” at the York Fringe Festival. This opportunity was presented to Kyle by one of his professors at York College, where he will be continuing his studies towards his bachelor degree in theatre this fall.
- Congratulations to HACC Theatre Graduates: **Megan T. McClain, Dakota Eschenmann, & Caitlyn Davis** on their performances in BRIGHTON BEACH MEMOIRS at Oyster Mill Playhouse.
- Congratulations to HACC Theatre grads **Eric Dexter Brown, Garrett Knisley, and Jess Ross** on their performances in MUCH ADO ABOUT NOTHING - with Lighting design by **Tristan Stasiulis** and Costume design by **Jennifer Kilander** !
- Recent HACC Theatre graduate **Harleigh Freeman** just appeared in THE LITTLE MERMAID at Hershey area Playhouse. She is now studying Stage Management at Point Park University in Pittsburgh.
- Two more HACC Theatre graduates, **Shanon McBride** and **Garrett Knisley**, were recently cast in NOISES OFF at Theatre Harrisburg, opening Sept. 6.
- **Andrew Rhoads**, another recent HACC Theatre graduate, who is completing his Bachelor's degree at Millersville University, was just cast in MOON OVER BUFFALO at The Little Theatre of Mechanicsburg, also opening Sept. 6.

GOOD VIBES

Each year, the Pennsylvania State Museum mounts Art of the State, a juried exhibition of work by Pennsylvania artists. This year's show includes several submissions by HACC faculty:

Lisa Bennet, adjunct instructor in photography and HACC alumnus. Her photo "Constructed Lights 5095-45" [won second place](#) for photography.

Rafael Henin, glass and photography adjunct instructor

Garrick Dorsett, GID/photo coordinator, "Fiesta"

Amy LeFever, ceramics adjunct instructor, "Untitled"

This article highlights their work: https://cumberlink.com/entertainment/local-scene/art-art-of-the-state-celebrates-pennsylvania-arts/article_8d817068-cc19-5f9a-884d-9c38112b5f01.html?utm_medium=social&utm_source=email&utm_campaign=user-share.

While Amy and Lisa will return in the spring or summer terms, Garrick and Rafael are fixtures each semester here in Harrisburg. If you see them, congratulate them in their participation in the Art of the State exhibition!

HACC Culinary students **Anna Smith, Faith Brenneman & Julie Marolf** competed at the national championship in the Baron H. Galand Culinary Knowledge Bowl at the American Culinary Federation's National Convention on Aug. 7 in Orlando, Florida.

Student teams competed in a "Jeopardy"-style competition with questions covering topics such as nutrition, baking, culinary math, safety and sanitation, and the arts of classical and modern cooking. To compete for the national title, teams must enter and win in their respective regional competition. The national competition had only four teams representing the central, western, and southeast and northeast regions. HACC's team won the northwest regional competition in Feb. 2019, earning our students the opportunity to compete in the national competition.

HACC's Knowledge Bowl Team is coached by HACC alumni **Chef Autumn Patti**, the program director of HACC's Culinary Arts and Baking and Pastry Arts Programs.

We are #HACCproud of our students!

The Respiratory Therapist Program was once again honored by the Commission on Accreditation for Respiratory Care (CoARC) with the *Distinguished RRT Credentialing Success Award*. This award is given to programs that meet certain criteria and have a pass rate above 90% on the Registered Respiratory Therapist credentialing examinations. HACC had a 100% pass rate. This is the sixth year in a row that the program has received this award. Congratulations to the program faculty for helping our students to succeed!

SPOTTED LANTERNFLIES ON CAMPUS

Help us SPOT a Spotted Lanternfly!

The lanternfly has been in the Harrisburg area for some time, and with the railroad being so close to campus, it's nearly impossible to keep them at bay in this area. Luckily, it has avoided our campus until very recently. The PA Department of Agriculture, Davey Contracting, and Alexis Baker, supervisor, Facilities Management have made arrangements to eliminate the ailanthus tree (Tree of Heaven) across campus, which is the host tree for the Spotted Lanternfly (SLF). Over the past week, the PA Department of Agriculture and Davey have been on campus spraying the ailanthus tree with insecticide, herbicide, and pesticide, and plan to continue their work until next week. During their treatment, they found one adult SLF on our campus, along with an additional adult and egg masses on an ailanthus tree on the PPL substation next to the facilities building.

The grounds department has been keeping an eye for the SLF since Jan. 2018 and know that if we see one, we kill it and report it to the Department of Ag. Additionally, you may start to see some trees with a green or yellow sticky band around them. The SLF is a hopping insect, so that sticky band prevents it from traveling too far up the tree.

If you or a colleague see a SLF, contact Alexis Baker (anbaker@hacc.edu, or ext: 211918) with the location, so grounds can properly report it to the PA Department of Ag. Please see the lifecycle visual for reference. If you have any questions, reach out to Alexis Baker directly.

The Live at Rose Lehrman (LARL) 2019-20 season begins Sept. 26, 2019, with the Washington, D.C.-based comedy troupe, The Capitol Steps, a group of U.S. Senate staffers who have elevated political satire to an art form. From contemporary dance to dramatic theatre and world-renowned music, LARL's 2019-20 season performances showcase exceptional artists from around the globe.

The Capitol Steps – Sept. 26, 2019, at 7:30 p.m.

This troupe will help launch the election season with a new show of musical and political comedy. It doesn't matter if you're a Republican or Democrat: neither side is safe from the group that puts the "mock" in democracy.

Ailey II "The Next Generation of Dance" – Oct. 21, 2019, at 7:30 p.m.

Founded by Alvin Ailey in 1974, Ailey II is universally renowned for merging the spirit and energy of the finest young dance talent with the passion and creative vision of today's most outstanding emerging choreographers.

Sons of Serendip "A Holiday Performance" – Dec. 3, 2019, at 7:30 p.m.

Sons of Serendip is a "Billboard"-charting quartet consisting of a harpist, cellist, pianist and lead vocalist. The quartet was a finalist on season nine of "America's Got Talent," gaining popularity by offering fresh interpretations of popular music.

Nimbus Dance Works – Jan. 29, 2020, at 7:30 p.m.

Jersey City-based Nimbus Dance Works focuses on the intersection between high-level dance and innovative ways of involving communities and audiences.

L.A. Theatre Works presents "Seven" – March 1, 2020, at 3 p.m.

"Seven" is a riveting documentary play by seven female writers. The play is based on personal interviews with seven remarkable women who faced life-threatening obstacles before bringing heroic changes to their home countries of Pakistan, Nigeria, Ireland, Afghanistan, Guatemala, Russia and Cambodia.

Danú - "St. Patrick's Day Celebration" – March 16, 2020, at 7:30 p.m.

Hailing from counties Waterford, Dublin, Donegal and Cork, Danú is one of the leading traditional Irish ensembles of today. For over two decades, Danú's master players of flute, tin whistle, fiddle, button accordion and bouzouki as well as vocalists (Irish and English) have performed around the globe and recorded seven critically acclaimed albums.

Tickets for the general public go on sale Sept. 3, 2019. To order your tickets first, please consider [becoming a sponsor](#).

ASK ME—VOLUNTEERS NEEDED

Ask ME!

With the start of classes on Monday, Aug. 26, the Student Development and Multicultural Programs department is asking faculty and staff to wear their “Ask me Anything” buttons throughout the day from Monday, Aug. 26 - Friday, Aug. 30 to answer any questions from our students during opening week.

In addition to the buttons, “Welcome Back” tables will be staffed outside of the Select Medical building and by the Cooper Student Center pedestrian bridge from 8 a.m.-2 p.m. on Monday, Aug. 26 and Tuesday, Aug. 27. Unstaffed “Welcome Back” tables will be located in Whitaker Hall, Blocker Hall, the Cooper Student Center, and the Rose Lehrman Arts building with '19-'20 student planners, maps of the campus, student programming event calendars, etc.

After the first week is over, please hold on to your buttons for the opening of the Spring 2020 semester. If you did not receive a button, please stop by Cooper 202 to pick one up. Thank you.
